

## Sandringham College PTF Gardening Club

The Sandringham College PTF is starting up a Gardening Club at the Junior Campus to create an inviting and nurturing natural environment for our kids and staff. We have a number of projects planned, as well as ongoing maintenance to do, so we would love it if you would like to come along and help us out.

The majority of work will take place during school hours, so you will need to have a Working With Children Check to participate. It's easy to apply and free if you state that you are applying as a volunteer. Go to <http://www.workingwithchildren.vic.gov.au/utility/home/> or to your local Australia Post Office to apply.

Please register your interest by clicking on the following link to answer some questions about your availability and provide your contact details. We will be looking to choose a day/time when we can get the maximum number of gardeners along.

<https://www.surveymonkey.com/r/RV27BRJ>

If you have friends or family that might be interested in helping us out, or anyone has gardening equipment they would like to donate, please feel free to share this information.

Look forward to seeing you in the garden!
